

Preface

The *11th International Conference of Fluid Dynamics* is organized by **Cairo University**, **Alexandria University**, and **Minoufiya University**. The objective of the conference is to bring researchers in the areas of fluid dynamics together for exchange of ideas to foster further development in the field.

The conference congregates are expected to be over 300 delegates from all over the world mostly scientists, educators and consultants with primary interest in the fluid dynamics areas. Numerous papers are to be presented from all over the world.

Researchers, scientists and consultants will benefit from exchanging ideas and prompting new applications.

Managers, manufacturers, designers, and graduate students will benefit from discussing the latest development in the field.

Cairo University

Alexandria University

Minoufiya University

Important Dates

May 1, 2013

Submission of extended abstracts
(PDF file)

June 1, 2013

Notification of acceptance
of abstracts

August 15, 2013

Submission of full manuscripts
(MS-Word file)

October 1, 2013

Notification of acceptance
of full manuscripts

November 1, 2013

Submission of final manuscripts
(MS-Word file)

Conference Chairpersons

Prof. Dr. Amin Mobarak

Mechanical Power Eng. Department
Faculty of Engineering,
Cairo University, Egypt

Prof. Dr. Awatef Hamed

School of Aerospace Systems Director
and Bradley Jones Professor
University of Cincinnati, USA

Prof. Dr. Essam Salem

Mechanical Eng. Department
Faculty of Engineering,
Alexandria University, Egypt

General Conference Secretary

Prof. Dr. Sadek Z. Kassab

Mechanical Engineering Department,
Faculty of Eng., Alexandria University,
Alexandria, Egypt

E-mail: szkassab@yahoo.com

Mobile: +20-1005766354

General Conference Coordinator

Prof. Dr. Ahmed F. Abdel Gawad

Mech. Power Eng. Dept., Faculty of Eng.,
Zagazig University, Zagazig, Egypt

E-mail: afaroukg@yahoo.com

First Call

Conference Topics

The conference covers, but not limited to, the following topics:

- 1- Aeroacoustics.
- 2- Aero-elasticity Applications.
- 3- Air Conditioning Applications.
- 4- Applied Aerodynamics.
- 5- Computational Fluid Dynamics.
- 6- Experimental Fluid Dynamics.
- 7- Flow Control and Diagnostics.
- 8- Flow-Induced Vibration.
- 9- Fluid Mechanics Applications in Bioengineering.
- 10- Heat Transfer and Fluid Mechanics.
- 11- High-Speed Flow.
- 12- Mechatronics Applications.
- 13- MEMS and Microfluidics Applications.
- 14- Multiphase and Reacting Flows.
- 15- Nano Applications.
- 16- Propulsion.
- 17- Turbomachinery.

Registration

ASME Members
USD 500

Non-Members
USD 550

Registration fees for participants cover; welcome reception, registration kit, opening and closing ceremonies, coffee breaks, conference proceedings and publications, and attendance of all conference sessions.

Abstract/Paper Submission Procedure

Extended abstract of no more than two pages with relevant figures and tables is to be submitted by *e-mail* as a *PDF* file.

Remember to include the title of the paper and the names, titles, addresses, phone and fax numbers as well as e-mail addresses of all authors.

Papers should be submitted according to the indicated dates.

Abstract/Paper submission should be directed to
